## **Objective**

### ***Web Developer***

As an IT professional, I provide value to my team by applying creativity, problem solving skills, and a strong work ethic. I strive to develop visually appealing websites and applications that excel in usability with clean and efficient code.

## **Skills**

### ***Languages & Frameworks***

✚ HTML5, CSS3, JavaScript, jQuery, SASS, PHP, AJAX, JSON, GIT, Angular, Java, SQL, MySQL, and Bootstrap.

### ***Development Environments & Software***

✚ Emerald, Joomla, Umbraco, WordPress, Eclipse, JetBrains, Adobe Photoshop, and Brackets.

## **Work**

### **Digital Marketing Web Development Specialist**

Northwestern Mutual, Milwaukee, WI

August 2016 - Present

### **IT Web & Software Peer Tutor**

Lakeshore Technical College, Cleveland, WI

September '14 to December '15

Aided fellow students through private instruction to build their first websites using HTML and CSS.

### **Frontend Web Developer**

Mashup Media Digital Design, Grafton, WI

April '13 to May '14

Built and maintained professional websites and applications with HTML, CSS, and CMS software.

### **Account Services Intern**

Dynamic Digital Ad Agency, Sheboygan, WI

June '14 to August '14

Worked directly with clients and developers to help plan and manage various marketing projects.

## **Education**

**Associate of Applied Science, A.A.S., 2016, Lakeshore Technical College, Cleveland, WI**

Program: **IT – Web and Software Developer**, GPA 3.9

**Associate of Applied Science, A.A.S., 2014, Lakeshore Technical College, Cleveland, WI**

Program: **Business Management**, GPA 3.9

**Two-time Program Excellence Award** recipient and **LTC's 2016 Graduation Student Speaker.**

Member: **Phi Theta Kappa** Honors Society.

**Technical Diploma, 2004, McNally Smith College of Music, St. Paul, MN**

Program: **Professional Musicians Course for Bass**, GPA 3.7

## Experience

### Northwestern Mutual: Digital Marketing Web Development Specialist

- ✚ Developed several Team, Office, and FR websites; making HTML, CSS, and JavaScript updates within the Emerald CMS.
- ✚ Successfully lead an effort to create a more modern custom template for Custom Team sites.
- ✚ Collaborated with Boston and San Diego development teams to facilitate the rollout of the new CMS platform for field websites.
- ✚ Rebuilt numerous existing and outdated field websites with modern web practices, more efficient CSS, and elegant JavaScript solutions.

### Mashup Media Digital Design: Front-End Web Developer

- ✚ Worked on several professional business sites, making HTML & CSS updates through their content management system.
- ✚ Created pixel-perfect websites based on graphic web mockups from the client.
- ✚ Helped build a major mobile application for a large company for internal use.

### Lakeshore Technical College: IT-Web & Software Developer Student

- ✚ Developed multiple web & mobile applications using HTML, CSS, and JavaScript.
- ✚ Completed a large, final project, with a well-designed front end, as well as back-end data storage using PHP and MySQL.
- ✚ Collaborated with a team of design and marketing students to develop a custom WordPress site for a business that is currently live on the web.
- ✚ Created my own version of Battleship and a Card Matching memory game, with animation and sound, using JavaScript and Object Oriented Programming concepts.
- ✚ Collaborated with another student outside of school to develop an elaborate CSS animation to demonstrate to our class.
- ✚ Consistently received high praise from my instructors for always going above and beyond project requirements and exceeding their expectations.
